Dear Mr. Morrison,

Thank you for your form requesting information concerning WPB; I enclose our Statement of Principles and Aims, a form describing our current project - the Everyman III - and a volunteers' form should you feel yourself able to offer to help us in any practical way.

Please excuse the brevity of this note: we are presently very occupied here in the office with business concerning EverymanIII.

I hope to here from you again soon.

Yours sincerely,

T.S. Maxwell
